Type: Fabric, Order Sample, Thread

Product short description:

Anti-pill fleece is a durable and soft fabric. Anti-pill means the fleece will not incur pilling. This refers to the little bundles that you may have seen around areas where the fleece frequently rubs against the body. The anti-pill is of a better quality and ensures longer lasting. Used in many application including blankets, pet bedding, toys, jackets etc.

150cm Wide

100% Polyester

270-280 gsm
