Product short description:

Hybrid / Aero Dry Finish Wax Fabric

Durable, densely woven cotton. Responsibly sourced, low impact manufactured.

Naturally breathable, this fabric adapts to weather conditions becoming stiffer and more windproof in colder conditions and softer and breathable during warmer weather.

This fabric is ideal for lightweight, breathable and water repellent clothing.

- Composition: 100% BCI cotton
- Roll width: 144cm
- Weight: 160g/m²
