Type: Fabric, Order Sample, Thread

## **Product short description:**

To Clear.

Waxed coated, polyester, waterproof fabric. Light to medium weight material that offers reliable water resistance while remaining easy to handle. With a crisp finish and wipe-clean surface, this fabric provides excellent practicality for everyday projects. The waterproof treatment ensures that water beads off the surface, keeping items dry and protected in varying conditions.

100% polyester PU coated waterproof fabric

Width: 150cm
