# Silicone Lubricant Spray

Reference: EUF8171

**Product price:**

£5.95 tax included

**Product attributes:**

## Product short description:

Our Concentrated Silicone Lubricant Spray is a versatile aerosol lubricant designed to help reduce friction and keep suitable moving parts operating smoothly.

Particularly useful for sewing machines, upholstery equipment, guides, runners, hinges and general workshop maintenance, the convenient aerosol application allows a light coating to be applied exactly where it is needed.

The silicone-based formula provides lubrication while also helping protect suitable surfaces against moisture, wear and corrosion.
