

Navy Lightweight Mesh Fabric

Reference: EUF8184

Product price:

£4.95 tax included

Product attributes:

Colour: Navy8184

Type: Fabric, Order Sample, Thread

Product short description:

This navy lightweight mesh fabric has an open, airy weave that feels light on the body while still holding its shape for dressmaking and craft projects. It suits shirts, throws, light coverings and general crafting where a breathable fabric with some structure is needed, and its navy tone works well as a base colour or layering piece. Sewers also use it for light upholstery jobs that call for a mesh finish. It is supplied 150cm wide.
