Product codes:

Reference: EUF7191 (B305)

Product price:

£ 10.99 tax included

Product attributes:

Colour: Red7191, Navy7191, Black7191, White7191, Royal7191
Type: Fabric, Order Sample, Thread

Product short description:

Rubberised Neoprene fabric

147cm wide

2mm thick.

This fabric is ideal for wetsuits. It is also great for sports products providing wrist, knee and elbow supports. Neoprene's flexibility means it can also be used for covering cables and wires where a lot of movement, twisting and bending occurs.
